

HT-S5700 5.1-Channel Network A/V Receiver/Speaker Package

Sweet-Sounding Home Theater Package with the Lot

The stylish HT-S5700 home theater package makes the transition to full-fledged surround-sound simple and stress-free. Inside the carton you'll find a top-quality two-way speaker system with active subwoofer factory-matched to a state-of-the-art 5.1-channel network A/V receiver. Connect them to your Ultra HD display via any of the six next-generation HDMI® inputs to add surround-sound to 4K/60 Hz video, or use onboard Wi-Fi® and smartphone to stream hi-res, lossless, and compressed digital music from network-attached devices and online streaming services. Advanced DSP-enhanced Bluetooth makes compressed wireless audio sound clean and punchy. Thanks to a massive high-current transformer powering discrete low-impedance amplifiers—no cheap integrated circuits here—surround and stereo performance is enveloping, musical, and immensely satisfying. Graphical menus overlaid via HDMI allow for quick A/V adjustments without program interruption, while an intuitive remote app puts a range of control and streaming options at your fingertips. If you're serious about hi-fi sound and don't want to compromise on features, the HT-S5700 should be at the very top of your list.

HT-R593 5.1-Channel Network A/V Receiver

- 100 W/Ch (6 Ω, 1 kHz, 1% THD, 1 Channel Driven, IEC); 120 W/Ch (6 Ω, 1 kHz, 1 Channel Driven, JEITA)
- 6 HDMI® Inputs and 1 Output for 4K/60 Hz Ultra HD Entertainment
- HDMI Support for 4K/60 Hz Video, 3D, Audio Return Channel, DeepColor™, x.v.Color™, LipSync, Dolby® TrueHD, DTS-HD Master Audio™, DVD-Audio, Super Audio CD, Multichannel PCM, and CEC
- Built-in Wi-Fi® Certified Wireless LAN Capability
- Bluetooth Version 2.1 + EDR Capability (Compatible Profile: A2DP v1.2, AVRCP v1.3)
- Internet Radio and Music Streaming Subscription Services Included (TuneIn Radio, Pandora®, Spotify, AUPEO!, and Deezer)®¹
- Playback Compressed, Lossless, and Hi-res Audio via Local Network (MP3, WMA, WMA Lossless, FLAC, WAV, Ogg Vorbis, AAC, Apple Lossless, DSD 5.6 MHz, LPCM)²
- Proprietary AccuEQ Room Calibration with Mic Included
- Advanced Music Optimizer to Improve Compressed Digital Audio Quality (Now Including Bluetooth)
- Control and Stream with Free Onkyo Remote Streaming Apps for iPod touch/iPhone³ and Android Devices⁴
- Input Source Preview with InstaPrevue™ Technology
- Phase-Matching Bass Boost for Deep Bass and Clear Mid-Range
- Zone 2 Line-Out for Distributed Audio Playback in Another Room
- USB Port for Mass Storage Class USB Memory Audio Playback Capability
- WRAT (Wide Range Amplifier Technology) High-Current Amplification with Discrete Output Stage Circuitry

- H.C.P.S. (High Current Power Supply) Massive High Power Transformer
- PLL (Phase Locked Loop) Jitter-Cleaning Circuit Technology for S/PDIF Audio
- TI Burr-Brown 192 kHz/24-Bit DAC (8 Channels x 1)
- Advanced 32-Bit Processing DSP Chip
- 4 DSP Modes for Gaming: Rock, Sports, Action, and RPG
- CinemaFILTER™
- Direct Mode
- HDTV-Capable (720p/1080i) Component Video (1 Input and 1 Output)
- 4 Composite Video Inputs (1 Front/3 Rear) and 1 Output
- 3 Digital Audio Inputs (1 Optical and 2 Coaxial)
- 7 Analog Audio Inputs (1 Front/6 Rear)
- Subwoofer Pre-Out
- Overlaid On-Screen Display (OSD) via HDMI with Quick Set-Up and Home Menu
- Crossover Adjustment (40/50/60/70/80/90/100/120/150/200 Hz)
- A/V Sync Control (Up to 400 ms at 48 kHz)
- 3-Mode Display Dimmer (Normal/Dim/Dimmer)
- 40 FM/AM Random Presets
- Hybrid Standby Function with HDMI Passthrough to Reduce Power Consumption
- RIHD (Remote Interactive over HDMI) for System Control
- Compatible with RI Dock for iPod/iPhone and AirPlay (DS-A5)
- Preprogrammed RI (Remote Interactive) Remote Control

HTP-593

5.1-Channel Home Theater Speaker System

SKF-591

- 2-Way Bass Reflex Front Speakers
- 12 cm OMF Diaphragm Woofer
- 2.5 cm Balanced-Dome Tweeter
- Max. Input Power: 130 W
- Gloss-Finished Top Panel

SKC-591

- 2-Way Bass Reflex Center Speaker
- 8 cm Cone Woofer x 2
- 2.5 cm Balanced-Dome Tweeter
- Max. Input Power: 130 W
- Gloss-Finished Side Panels
- Magnetically Shielded

SKR-590

- Full-Range Acoustic-Suspension Surround Speakers
- 8 cm Cone
- Max. Input Power: 130 W

Note: All speakers feature an impedance of 6 Ω and color-coded speaker terminals.

SKW-591

- Bass Reflex Powered Subwoofer
- 25 cm Cone
- Rated Output Power: 120 W (Minimum Continuous Power, 4 Ω, 100 Hz, 1% IEC)
- Powerful and Efficient Digital Amplifier
- Down-Firing Design

¹ Availability of services depends on region. Some services may require a paid subscription and firmware update. Availability of third-party services advertised here is accurate at the time of publication, but may be subject to change without notice. ² LPCM is supported via DLNA only. ³ Compatible with iPod touch (3rd generation or later) and iPhone 3GS or later. All models require iOS 4.2 or later. ⁴ Requires Android OS 2.1 or later.

HT-S5700 5.1-Channel Network Receiver/Speaker Package

Engineered for High Fidelity Sound

WRAT (Wide Range Amplifier Technology) is based on high-current architecture. High instantaneous current delivers the ultimate in speaker control for accurate and musical audio reproduction. We use a massive high-power transformer driving discrete low-distortion amp circuitry to create dynamic and engaging sound. Combined with hi-res processing, Onkyo network A/V receivers pack a huge punch for movies while retaining finesse for two-channel listening.

Future-Ready with the Latest HDMI®

Play the latest PC games and movie blockbusters on your Ultra HDTV at a liquid-smooth 60 frames per second with thunderous 5.1-channel surround sound from Onkyo. With all seven HDMI terminals supporting 4K/60 Hz, this dream is now reality. Even if you're not planning on upgrading your current display right away, it's good to know your Onkyo receiver is ready for the future.

Wi-Fi® and Bluetooth Inside

The included network A/V receiver has Wi-Fi and Bluetooth built in. Download our free control app and you've got a graphic remote control and range of streaming options in the palm of your hand, or pair Bluetooth-capable devices to send almost any audio to your home theater. With Advanced Music Optimizer, music via Bluetooth never sounded this good.

Stream Music from Smartphone and Tablet

For lossless audio streaming, tap the Onkyo Remote App icon to find your music loaded and ready with familiar song organization and playback controls. The receiver can switch on and select your preferred listening mode automatically.

Stream Network-Attached Hi-res Audio Libraries

Onkyo A/V receivers are engineered for universal hi-res compatibility and ease of use. Use the remote app to locate your 192/24 and 96/24 albums (including 5.6 MHz DSD) on PC or NAS and enjoy the clarity, depth, and detail of high-resolution music.

Built-in Internet Radio and Streaming

If you can think of it, you'll most likely be able to stream it. The receiver includes Spotify, AUPEO!, TuneIn, and Deezer; a music subscription service available in about 200 countries boasting a library of 30 million songs which you can browse within the remote app.

Play Lossless Music via USB

If you prefer a wired connection, the front-panel USB port is ready to accept almost any audio file format from mass-storage class drives. As well as compressed formats, FLAC, WAV, and ALAC lossless formats are also supported.

Fast Switching and Adjustment

As well as a Home menu, which is mainly used for detailed adjustment and to preview connected content via the included InstaPrevue™ technology, a Quick Setup button overlays transparent menus on the program you're watching, allowing you to switch listening modes and adjust speaker levels without interrupting the program.

Phase-Matching Bass Enhancement

PM Bass optimizes low frequencies while preserving mid-range clarity. It counters phase shifting (which generally occurs in the zone occupied by vocals) by synchronizing the timing of different frequencies. The result is deep, well-defined bass that won't blur vocals or strings.

AccuEQ Room Calibration

Room acoustic calibration is simple and effective with AccuEQ. Connect the included mic and wait a few moments as it measures speaker distances, crossovers, and output levels, taking into account reflections from your walls and floor. The system optimizes the frequency response so you can enjoy balanced surround sound regardless of room shape or furnishings.

Hybrid Standby Saves Power

HDMI passthrough and network connectivity are maintained while the receiver is powered down. You can use your TV and other connected devices when you don't want to turn on the receiver, which saves energy. The HT-S5700 is also Smart Grid-compliant.

More Realistic Action with Four Different Gaming Modes

Select from four optimized audio modes to match your gaming content for a realistic experience. Rock, Sports, Action, and RPG game modes bring out the best in any soundtrack, from subtle ambient effects to thundering explosions.

High-Quality Speakers and Powerful Sub

Solid two-way front speakers include quality 12 cm Onkyo Micro Fiber mid-range drivers and balanced-dome tweeters for energetic and accurate sound. The center speaker's twin 8 cm precision drivers and dome tweeter articulate dialog with richness and clarity, while a powerful 120 W subwoofer features a huge 25 cm cone for thunderous bass impact.

SPECIFICATIONS

A/V RECEIVER

Amplifier Section

Power Output	100 W/Ch (6 Ω, 1 kHz, 1% THD, 1 Channel Driven, IEC)
Front L/R	120 W/Ch (6 Ω, 1 kHz, 1 Channel Driven, JEITA)
Center	100 W (6 Ω, 1 kHz, 1% THD, 1 Channel Driven, IEC)
Surround L/R	120 W (6 Ω, 1 kHz, 1 Channel Driven, JEITA)
Subwoofer	100 W/Ch (6 Ω, 1 kHz, 1% THD, 1 Channel Driven, IEC)
Dynamic Power	160 W (3 Ω, Front)
	125 W (4 Ω, Front)
	85 W (8 Ω, Front)
THD+N (Total Harmonic Distortion + Noise)	0.7% (20 Hz–20 kHz, Half Power)
Damping Factor	60 (Front, 1 kHz, 8 Ω)
Input Sensitivity and Impedance	200 mV/47 kΩ (Line)
Rated RCA Output Level and Impedance	200 mV/2.2 kΩ (Rec Out)
Maximum RCA Output Level and Impedance	2.0V/2.2 kΩ (Rec Out)
Frequency Response	5 Hz–100 kHz/±1 dB, 3 dB (Direct Mode)
Tone Control	±10 dB, 20 Hz (Bass)
	±10 dB, 20 kHz (Treble)
Signal-to-Noise Ratio	100 dB (Line, IHF-A)
Speaker Impedance	6 Ω – 16 Ω

Video Section

Input Sensitivity/Output Level and Impedance	
Video	1.0 Vp–p/75 Ω (Component Y)
	0.7 Vp–p/75 Ω (Component Pb/Cb, Pr/Cr)
	1.0 Vp–p/75 Ω (Composite)

Component Video Frequency Response	5 Hz–100 MHz/±0 dB, -3 dB
---	---------------------------

Tuner Section

Tuning Frequency Range	
FM	87.5 MHz–108 MHz
AM	522 kHz–1,611 kHz
	530 kHz–1,710 kHz
FM/AM Preset Memory	40 Stations

General

Power Supply	AC 220–240 V~, 50/60 Hz
Power Consumption	380 W
Dimensions (W x H x D)	435 x 150 x 329 mm
Weight	8.1 kg

SPEAKER SYSTEM

Speaker Type	
Front	2-Way, Bass Reflex
Center	2-Way, Bass Reflex
Surround	Full-Range, Acoustic-Suspension
Subwoofer	Bass Reflex, Powered
Drivers	
Front	12 cm OMF Diaphragm Woofer
	2.5 cm Balanced-Dome Tweeter
Center	8 cm Cone Woofer x 2
	2.5 cm Balanced-Dome Tweeter
Surround	8 cm Cone
Subwoofer	25 cm Cone
Frequency Response	
Front	55 Hz–50 kHz
Center	65 Hz–50 kHz
Surround	80 Hz–20 kHz
Subwoofer	25 Hz–150 Hz
Output Sound Pressure Level	
Front	94.5 dB/W/m
Center	86 dB/W/m
Surround	81 dB/W/m
Max. Input Power	Front/Center/Surround
	130 W
Rated Output Power	Subwoofer
	120 W (Minimum Continuous Power, 4 Ω, 100 Hz, 1% IEC)
Nominal Impedance	Front/Center/Surround
	6 Ω
Input Sensitivity/Impedance	
Subwoofer	540 mV/20 kΩ
General	
Dimensions (W x H x D)	
Front	155 x 378 x 169 mm
Center	420 x 115 x 119 mm
Surround	115 x 230 x 96 mm
Subwoofer	317.5 x 468 x 398 mm
Weight	
Front	2.6 kg
Center	2.4 kg
Surround	1.0 kg
Subwoofer	9.1 kg

CARTON

Dimensions (W x H x D)	772 x 768 x 477 mm
Weight	33.0 kg

Supplied Accessories

- Indoor FM antenna • Antenna isolator • AM loop antenna
- Speaker set-up microphone • Instruction manual • Quick start guide
- Remote controller • AA (R6) batteries x 2
